

Programme description	Students should aim to complete around 19 of the 23 credits with at least one external. With the large scope available in these standards the course content will be tailored to suit the students needs.
Content	This course provides students with a more detailed look at Business. Students will explore concepts relating to the internal operations of a large business, such as business management, human resources, business formation and functions of business. They will also investigate how businesses respond to external factors, such as political, social and legal influences
Prerequisites	A reasonable level of achievement in Level 1 NCEA is helpful.
Required	Students will need workbook Level 2 Business Studies from ESA publications and they will need to be able to access Google Classroom.
Assessment	Students will focus on completing the internals end of Term 3. Term 4 will focus on the revision for the external standards.
